March 24, 2020

Dear Minghao Chen,

Congratulations! It is a pleasure for me to inform you that you have been admitted to Columbia University's Fu Foundation School of Engineering and Applied Science as a candidate in the **Civil Engineering Master of Science** program beginning **Fall 2020**. The faculty and staff would like to commend you on your past accomplishments which formed the basis of our admission decision in a highly competitive pool. We encourage you to visit our Welcome to Columbia website at <https://gradengineering.columbia.edu/welcome> for essential information to assist you with your transition to the Columbia Engineering and Applied Science community.

March 25, 2020

Dear Mr. Minghao Chen:

On behalf of the Department of Civil and Environmental Engineering at Duke University, I congratulate you on your admission to our graduate program! You should have already received a letter from the Dean of the Graduate School, which constitutes Duke's formal offer of admission.

Because of your outstanding qualifications and accomplishments, our department is very pleased to be able to offer you a scholarship of up to \$24,000 for three semesters. The initial term of this scholarship is for Fall 2020 and Spring 2021, and the award is renewable for one additional semester, through Fall 2021. To maintain eligibility for this scholarship, you must maintain full-time student status, maintain a minimum 3.0 GPA, and remain in good disciplinary standing.

Minghao Chen

Dear Minghao,

We are pleased to inform you that your application to pursue the Master of Science in Engineering (MSE) degree in Civil Engineering beginning Fall 2020 has been approved by the Department of Civil and Environmental Engineering. Your application has been forwarded with our recommendation to the Horace H. Rackham School of Graduate Studies. The Horace H. Rackham School of Graduate Studies will advise you officially regarding your admission and send all necessary information. Please note that this admission does not come with any funding. Information about other funding opportunities can be found here: <https://www.engin.umich.edu/admissions/graduate/funding/>.

Dear Mr. Minghao Chen,

Congratulations! I am delighted to offer you admission to graduate study in the Civil & Environmental Engineering Prof MS program, beginning Fall 2020. Please accept my warmest congratulations on the many accomplishments and achievements that have earned you admission to this unique institution. We hope that you will accept our offer.

5. 华盛顿大学西雅图分校 (University of Washington at Seattle)

Dear MINGHAO CHEN:

[Congratulations](#) on your offer for admission to the University of Washington Graduate School for Autumn 2020.

We have reviewed your application for admission to the Civil & Environmental Engineering Department's Master of Science non-thesis degree program and are very favorably impressed with your qualifications. We have recommended to the Graduate School that you be admitted for full-time study beginning Autumn quarter. [Congratulations](#)!

Dear Minghao,

Congratulations! I am pleased to inform you that you have been admitted as a graduate student for 2020 Fall to the Master of Science program in Structural Engineering at the University of California San Diego. As a leading institution for graduate studies, UC San Diego strives to attract and retain the best and the brightest graduate students from across the country and around the world. You have been selected from an elite group of applicants and it is our sincere hope that you will elect to join our campus community.

Dear Mr. Chen,

Congratulations! On behalf of the Selection Committee of the IDEA League Joint Master's in Applied Geophysics we are pleased to inform you that you, Minghao Chen, have been admitted to the two year MSc programme, Master track Applied Geophysics (double degree) 2020-2022. You will be enrolled at TU Delft throughout the duration of the programme, as TU Delft is Applied Geophysics' coordinating university.

IDEA 项目介绍 via <http://idealeague.org/geophysics/>

Programme Details

TU Delft

Year 1, September - January

The Delft semester will focus on convergence courses, seismic and electromagnetic theory and exploration geophysics.

ETH Zürich

Year 1, February - June

ETH Zürich will offer courses on seismic data processing, numerical modelling and inversion, geophysics field programme and engineering geophysics.

RWTH Aachen

Year 2, October - February

The semester at RWTH Aachen will be focused around geothermics, petrophysics and borehole logging.

Master Thesis

Year 2, March - August

In the last semester students will write their Master Thesis at one of the three universities or other approved university or industry laboratories.
